Attendance and Withdrawal Policies

Please read information about attendance and withdrawal policies on SaigonTech website:

http://www.saigontech.edu.vn/saigontech/english/general_academic.jsp?subid=37#6

12. Instructor's Requirements

Classroom policy

- Please be seated before lecture begins, and don't leave early without prior permission since it is very distracting to me and your classmates. Arriving late or leaving early without a valid excuse will count as *half* of an absence.
- Because it is distracting to other students and to me, you should keep mobile phones off/silent, and not carry on private conversations.
- Being active in class discussions and asking questions are highly encouraged.
- To make best use of our scarce time, do NOT study for another exam, work for another class, play games, or surf the Internet. If you are caught red-handed, you will be dismissed from the class and your attendance for that class will be ABSENT. It also reduces your participation grade.
- Do not close your books or rustle your papers to signal the end of class. Pack up only when I say I have done.

Academic Honesty

Students are responsible for conducting themselves with honor and integrity in fulfilling course requirements. Penalties and/or disciplinary proceedings may be initiated by SaigonTech officials against a student accused of scholastic dishonesty. Please visit this site for more details about Academic Dishonesty Policy:
